Protecting the night sky starts with **YOU!**

1. **Light only what you need**
   - Only use light when you need it

2. **Use energy efficient bulbs and only as bright as you need**
   - Choose warm white light bulbs

3. **Shield lights and direct them down**

4. **Only use light when you need it**

5. **Join IDA!**
   - We need your help to continue the fight against light pollution.

6. **AUTOMATIC TIMER**
   - Join IDA!
